

Installation Instructions

Part # 30534 & 50534 Mirror Relocation Brackets

Fits 1997-2002 Jeep TJ

Driver Side

Passenger Side

The Driver side bracket mounts to the outside bottom of the windshield hinge.

The Passenger side bracket mounts to the front bottom side of the windshield hinge.

Mount one side at a time, loosen the two bolts of the windshield hinge, remove one bolt and insert the all thread stud provided. Remove the other bolt. Place the bracket in position and insert one stainless bolt provided, remove the stud and insert the other bolt, tighten securely. Repeat this process for the passenger side. Install the mirror's using appropriate bushings and washers provided. Tighten mirror arm then adjust the mirror to your vision.

We recommend that you use anti-sieze on all threads of the stainless bolts provided with your parts.
